## *Electrical Short Course – Daytime or Evenings* Initial Verification of Electrical Installations City & Guilds 2394 Level 3

Morris Services Limited is offering the ideal opportunity to extend your skills in the Engineering industry. The knowledge and skills acquired on this course could enhance your career prospects.

### **Date and time of course**

Please see our website for scheduled dates during the academic year.  
Daytime Programme – 5 Days (Wednesday's 09.00 – 17.00)  
Evening's x 10 (Monday Nights 18.00 – 21.00)

### **Course fee**

**£545.00 + VAT**

The course fee includes exam registration and examination, teaching and all learning materials plus refreshments throughout the course.

### **Course content**

This qualification was developed in conjunction with the electrical industry (including NICEIC and ECA) in order to meet the needs of the industry and centres and to provide candidates with an introduction of how to inspect and test (conduct the initial verification) of electrical installations.

It is aimed at practicing electricians and domestic installer's who have not carried out inspection and testing since qualifying or who require some update training before going onto achieve the City & Guilds 2395 Level 3 Periodic Inspection, Testing & Reporting of Electrical Installations.

It will also support candidates in demonstrating the required level of competency in inspection and testing of domestic installations when being assessed for self certification within a Part P scheme.

### **Examination**

Candidates will be required to complete the following three assessments:

knowledge test (online) + formal external written examination (both closed book)

Practical assessment 1:1 (4 Hours)

Please see our website course page for detailed information on the publications required for the course together with a suggested reading list.
